AMBASSADOR APPOINTMENT

To:
Mahnoor Yasir

Date: October 26, 2026

Dear Mahnoor,

We are pleased to appoint you as a **Cohort Zero Ambassador**. Cohort Zero is a global founder ecosystem built to take ambitious people from zero to one, and we believe your drive and your network make you the right person to carry that mission to your campus and your community.

As an Ambassador, you will be the face of Cohort Zero on your campus and in your wider community. Your role includes:

- Representing Cohort Zero on your campus and in your community, and introducing students and early founders to our ecosystem.
- Promoting our sessions, webinars and events through WhatsApp groups, LinkedIn, Instagram and your personal network.
- Sharing and engaging with Cohort Zero announcements and content on LinkedIn and your other social platforms.
- Bringing ambitious students into the Cohort Zero community, including our WhatsApp community.
- Supporting campus and community activities when they happen, and sharing feedback and ideas from your community with our team.

This is a **6-month voluntary (unpaid)** role, operating remotely, with on-ground activity on your campus where possible. You will report directly to the Ambassador Lead.

During your term, you will gain priority access to all Cohort Zero sessions, direct networking opportunities with founders and industry leaders, recognition across our platforms, and real leadership experience in community building. Full details of your responsibilities and expectations will be shared upon onboarding.

We are excited to have you on board and look forward to building with you.

Warm Regards,

Hassan Khan
Founder & Chairman
Cohort Zero
